If Money Could Buy Sight

Unfortunates who have for years neglected to consult a competent optician would gladly pay any price. But there are so many cases in which the Optician cannot give the vision he would like to with lenses because the eyes have been constantly strained and continually neglected.

Glasses in Time Saves Worry.

Killed by Mule Kick.

Edward Craig, formerly of near Arrow Rock, but of late of Electro, Texas, was kicked by a mule last week and died as a result. He was an unusually industrious, steady young man. See Slater items for particulars.

Mrs. Jos. Schlessler and sons, Edward and Lon, left Wednesday evening for Decatur, Ill., to visit relatives. From there they will go to Greensburg, Ind., Adrian, Mich., and will make a stop at St. Louis on their return. They expect to be gone about three weeks.

Peculiar Accident.

Walter, the seventeen-year-old son of Mr. and Mrs. Frank Chevalier of near Arrow Rock, met with an unusual accident Thursday morning of last week. He went after the hogs on horseback and one of the hogs got under the horse and tripped it. The horse returned to the house soon after and on investigating the family found Walter unconscious. He remained so for about a day, when he came to and explained the accident. We are pleased to know that the accident did not result more seriously.

American Cars Victory Sure

Paris, July 31.—While the New York to Paris race committee has not yet definitely announced the winner of the big race it is certain past reasonable doubt that the American car, which arrived here at 8 o'clock last night, has won by a big lead. The German Protos car arrived here two days ahead of the Thomas car, but it gained thirty day by being transported by rail.

A great parade of motorists met the triumphant American car at Meaux, twenty-five miles away and escorted the four begrimed and khaki clad figures in the car to the office of Le Matin in the Boulevard Poissoniere. There was a demonstration when the big car drew in.

A Great Convention

Drs. R. H. and G. T. Nuckles left last Monday night for Kirksville to attend the 15th National Osteopathic Convention being held there August 3rd to 8th. Three thousand Osteopathic physicians are expected to attend the convention.

On Thursday, August 6th, Dr. A. T. Still's 80th birthday will be observed with special ceremonies and the day will be made a holiday for Kirksville and Adair county and the people will meet in Kirksville to do honor to the founder of the great institution. All business will be suspended for that day.

Killed Through a Window

Booneville, Mo., July 31.—Coleman Kinney, 50 years old, a Moniteau county farmer who lived a few miles northeast of Jamestown was shot through the head with a 32-caliber bullet and killed as he sat in an open window at his home before noon yesterday. His family had gone to attend a picnic and left him alone. The relatives were the first to find him when they returned just before dark. He had no enemies and his death is causing many wild theories.
